

AMIR CHARVADARI

Artificial Intelligence Engineering Student Istanbul, Turkey

amrchrv@gmail.com | amirc.me | linkedin.com/amircharvadari | github.com/amircharvadari

Third-year Artificial Intelligence Engineering student at Bahçeşehir University with a unique background in medical sciences. Highly focused on the development and deployment of profitable AI-powered products. Proficient in machine learning, deep learning, and advanced algorithmic problem-solving.

EDUCATION

B.Sc. in Artificial Intelligence Engineering | 2023 – 2027

Bahçeşehir University (BAU), Istanbul

Bachelor of Medicine (Incomplete) | 2020 – 2022

Erciyes University, Kayseri

- Completed 2.5 years of medical studies, gaining strong foundations in healthcare and anatomy.

CERTIFICATIONS

- IBM Machine Learning Professional Certificate | Issued Jan 2026

Skills: Machine Learning Algorithms, Supervised/Unsupervised Learning, Deep Learning.

- Microservice Architectures | Vanderbilt University, Issued Nov 2025

Skills: Service Decomposition, Microservices.

TECHNICAL SKILLS

- Programming: Python, C++
- AI & Machine Learning: Deep Learning, ML Algorithms, Data Structures
- Data & Cloud: Database Management, Cloud Computing
- Specialized: Cryptocurrency Trading & Market Analysis

PROJECTS

- Trip Analyzer (C++): A specialized term project built to process and analyze large-scale taxi trip data.
- Metric TSP Solver: Implementation of algorithmic strategies for the Metric Traveling Salesperson Problem.
- AI Portfolio Website (amirc.me): Personal website designed to showcase AI projects and technical skills.
